Table of Contents

Introduction

1. Executive Summary

Total Two-way Trade

2. Top 50 Merchandise Trade Markets

Merchandise Exports

3. Top 50 Merchandise Exports by Country
4. Top 50 Merchandise Exports by Commodity, 2-Digit HS Code
5. Top 50 Merchandise Exports by Commodity, 4-Digit HS Code

Merchandise Imports

6. Top 50 Merchandise Imports by Country
7. Top 50 Merchandise Imports by Commodity, 2-Digit HS Code
8. Top 50 Merchandise Imports by Commodity, 4-Digit HS Code

Florida's Merchandise Trade by Major World Region

9. Dollar Value by Major World Region
10. Market Share by Major World Region & Share of U.S. Trade
11. Percent Change by Major World Region

Executive Summary

The Merchandise Trade data series (also known as district-level trade data), published by the [U.S. Census Bureau](#), measures the nominal value of goods entering or exiting the United States *through Florida's seaports and airports*. This may include goods that are produced, grown, or mined in Florida as well as goods from other states and countries that are shipped through Florida. Merchandise trade figures demonstrate Florida's pivotal role as a **gateway to Latin America**, the Caribbean, and the Southeastern U.S.— a true nexus of trade in the Western Hemisphere.

The **state of Florida** facilitates international trade in numerous ways, notably by supporting critical infrastructure, with nearly half a billion dollars in seaport and aviation investments in Fiscal Year 2024-2025. Such investments protect the state's supply chains and maintain vital state competitiveness. As Florida's international trade and investment promotion agency, **SelectFlorida** promotes exports in [target industries](#), including aviation & aerospace, life sciences, and manufacturing. SelectFlorida assists Florida companies interested in exporting by providing them exposure to foreign markets through international trade shows or export sales missions and other services, contributing to job creation, industry diversification, and economic growth measured in these statistics.

In 2024, Florida's **total merchandise trade** (exports plus imports) reached **\$196.9 billion**, an increase of 3.1 percent in two-way trade over 2023. Since 2019, the state's total trade has grown by 28.4 percent. Among Florida's top trade markets are Brazil, Chile, Colombia, and Mexico. More than half of Florida's bilateral trade is with its most important trading region: Latin America and the Caribbean. Overall, Florida has bilateral trading relationships valued at more than \$1 billion each with 39 countries. The top commodities by dollar value entering or exiting Florida's seaports and airports in 2024 were automobiles, aviation parts, phones, gold, and computers.

Florida's **merchandise exports** amounted to **\$89.1 billion**, increasing by 3.1 percent in 2024. Since 2019, Florida's merchandise exports have grown by 23.6 percent. The leading destination for Florida merchandise exports, as a world region, is Latin America and the Caribbean, comprising nine of Florida's top ten destination countries and over three-quarters of Florida's merchandise exports. Brazil is by far Florida's leading merchandise export market, with nearly \$19 billion of goods exported in 2024, accounting for more than 20 percent of the state's exports. The leading export commodities by dollar value passing through Florida's seaports and airports were aviation parts, phones, automobiles, and computers.

Florida's **merchandise imports** were valued at **\$107.8 billion**, increasing by 3.0 percent in 2024, and 32.7 percent higher than 2019. Merchandise imports from Brazil and Mexico have seen double-digit growth in 2024, partly due to nearshoring trends. As a world region, Florida imports more from Latin America and the Caribbean than any other region, accounting for 37 percent of Florida's merchandise imports, with Asia and Europe also serving as major import markets. The top import commodities by dollar value passing through Florida's seaports and airports were automobiles, phones, gold, and copper.
