## PRE-HEADER

Programs and Resources to Support Manufacturers

## BODY COPY

With a 70% increase in manufacturing output over the past decade, Florida has become a leader in the manufacturing sector, providing high-paying jobs for more than 400,000 Floridians.

Like you, we recognize the unique challenges faced by manufacturers – from workforce development to financial considerations. So we've partnered with SelectFlorida to provide you with a comprehensive range of resources and services aimed at empowering Florida-based businesses like yours to overcome these obstacles and achieve their goals.

Together with SelectFlorida, we can offer you assistance with:

- Site selection
- Permitting and regulatory support
- Connections to suppliers, vendors, and industry experts
- Workforce training programs
- Access to various financial resources, including grants and tax incentives
- Loan programs that include providing low-interest financing options
- Export and trade assistance and more

We're confident that our services and resources can benefit manufacturing companies of all sizes. Contact us today to discuss how we can partner with you to achieve your business goals or visit [SelectFlorida.org](https://SelectFlorida.org) to learn more.
