Notes: The State of Destination data series (Florida-Destination Imports) tracks the U.S. state, territory, or possession for which the foreign-made goods are ultimately destined, regardless of where they enter into the United States. These data are an indicator of market size for foreign producers from a given country or in a particular industry sector.

NESOI = Not Elsewhere Specified or Indicated. All figures are in U.S. dollars, not adjusted for inflation.

Figures shown as 0.0 are non-zero values that round to zero. True zeroes are represented by "-".
